

Directory:

ftp://ftp.cdc.noaa.gov/Projects/EDDI/global_archive/images/

This directory will contain annual directories (/1980/ ... /2017/) containing images of Evaporative Demand Drought Index (EDDI) in daily png files, for the period January 1, 1980 to the present.

Images will show EDDI values (for the period prior to the indicated date that is equal to the timescale) categorized according to dryness and wetness, as shown on the image key.

Filenames will indicate timescale and date: e.g., **EDDI_02wk_19801215.png** is the image of 2-week EDDI for December 15, 1980.

This directory is currently empty.
