

MOSAiC Status Update Nr. 6/2019

- 1. Medical check new regulation! New Update!
- 2. Freight Access to EIS & customs
- 3. English STCW courses for MOSAiC participants
- 4. Reflectors
- 5. Deadlines & Timeline
- 6. Upcoming Events

1. Medical check / medical questionnaire

Update to information from Status Update Nr. 6/2019:

Due to a new assessment of the situation, we now have a *special medical check for MOSAIC* that can answer to the specific needs of this expedition. Please consider the information and medical forms sent out with the last Status Update as no longer valid.

There is a critical distinction between participants younger or older than 60 years. Please check the attached Medical form for MOSAiC.

Participants that take care in more than one cruise leg need to fill and send the first six pages of the medical form (Anamnesis) in time regarding the deadline to their appropriate cruise legs. The AWI Medical officer has the right to ask for further medical examination.

AWI medical service:

Werksarztzentrum Fischereihafen Am Lunedeich 115 27572 Bremerhaven Tel.: +49 471 - 986 931-00 Fax: +49 471 - 986 931-01

2. Freight – Access to EIS and customs

Due to the approaching first deadline of all freight via the AWI Warehouse, many of you need access to EIS to deal with the freight papers. The group leaders are inviting all participants at the moment. If you need earlier access to EIS, please contact <u>eis_support@awi.de</u> or <u>schiffskoord@awi.de</u> and ask for access for freight handling

All freight for Polarstern that will be sent to Polarstern or Tromsø via AWI has to be registered in EIS until 08/05/19. All freight that will be sent to Tromsø directly has to be registered in EIS until 15/08/19.

Freight for Akademik Federov has to be done 'the old way' with the usual AWI freight lists. The same deadlines apply.

The recipient on the label should be the participant that will be the recipient on Polarstern / in Tromsø. All freight lists need to state the cruise number: PS122-1 for all freight that will be sent with Polarstern. Freight for the supply cruises will be directed to PS122-2 etc.

Freight sent via the AWI harbour storage, has to be delivered with custom clearance. For AWI participants, AWI will take care of this; all other participants have to take care about customs themselves. Once your freight lists are in EIS, or sent to AWI, you will receive it back with a barcode and have to deliver it together with the freight and custom papers to the AWI warehouse:

AWI Warehouse c/o Lloydwerft Corner Franziusstr. / Brückenstr. 27568 Bremerhaven Germany

If you need help with the Custom Papers, please contact Klaus Woriescheck (Logistik.Zoll@awi.de). Please note, that for using your equipment on board FS Polarstern, we need an export declaration (EX-A Custom form), which must be provided by the owner of the goods in the country, where the goods will be packed. You will need this export declaration as well for the re-import of your equipment into the EU after using on board FS Polarstern.

You have to provide the EX-A Custom form in your city by your local customs office and send this document with your equipment to us. When Polarstern will leave Bremerhaven, we arrange the final export of your equipment here in Bremerhaven by our local customs office.

Please inform the AWI Warehouse about the Delivery Date or rather ask them for a good day for delivery (Hafenlager@awi.de).

If you have any further questions, you can contact the AWI Freight Department (Transport@awi.de).

3. English STCW courses for MOSAiC participants

Due to many requests we have organised two STCW courses in Germany specifically for MOSAiC participants. However, at the moment we do not have enough registrations to hold the course. If there is anyone that still wants to take part in any of these courses, please contact <u>Birgit.Johannesmann@windguard.de</u> for registration.

The courses are planned for the following dates and will be held with the 'Maritimes Kompetenzzentrum' in Elsfleth, near Bremerhaven.

 $\begin{array}{l} 13.05.2019 - 24.05.2019 \\ 05.08.2019 - 16.08.2019 \end{array}$

4. Reflectors

Update: as all walkways and logistic infrastructure will be marked with silver tape, it will be most useful, if you choose any other colour for marking your equipment. Apart from that, please check the specifications given in the latest Status Update.

5. Deadlines

Please keep the following deadlines in mind for PS122-1. You will find this also on M365 under <u>MOSAiC_All/Informations for participants</u> and shortly on the AWI website.

deadline	for	to/via
08.05.19	Freightpapers for freight via AWI	EIS
29.05.19	delivery of individual freight	AWI Warehouse
