

Shipboard OMD 470 disdrometer: produces DSD parameters,
...but 0.43 mm drop diameter detection limit complicated
convection vs. stratiform separation. *Solution: use rain duration*
...ODM struggled to reproduce high NW-high D0 portion of tropical, oceanic DSD spectrum (?)

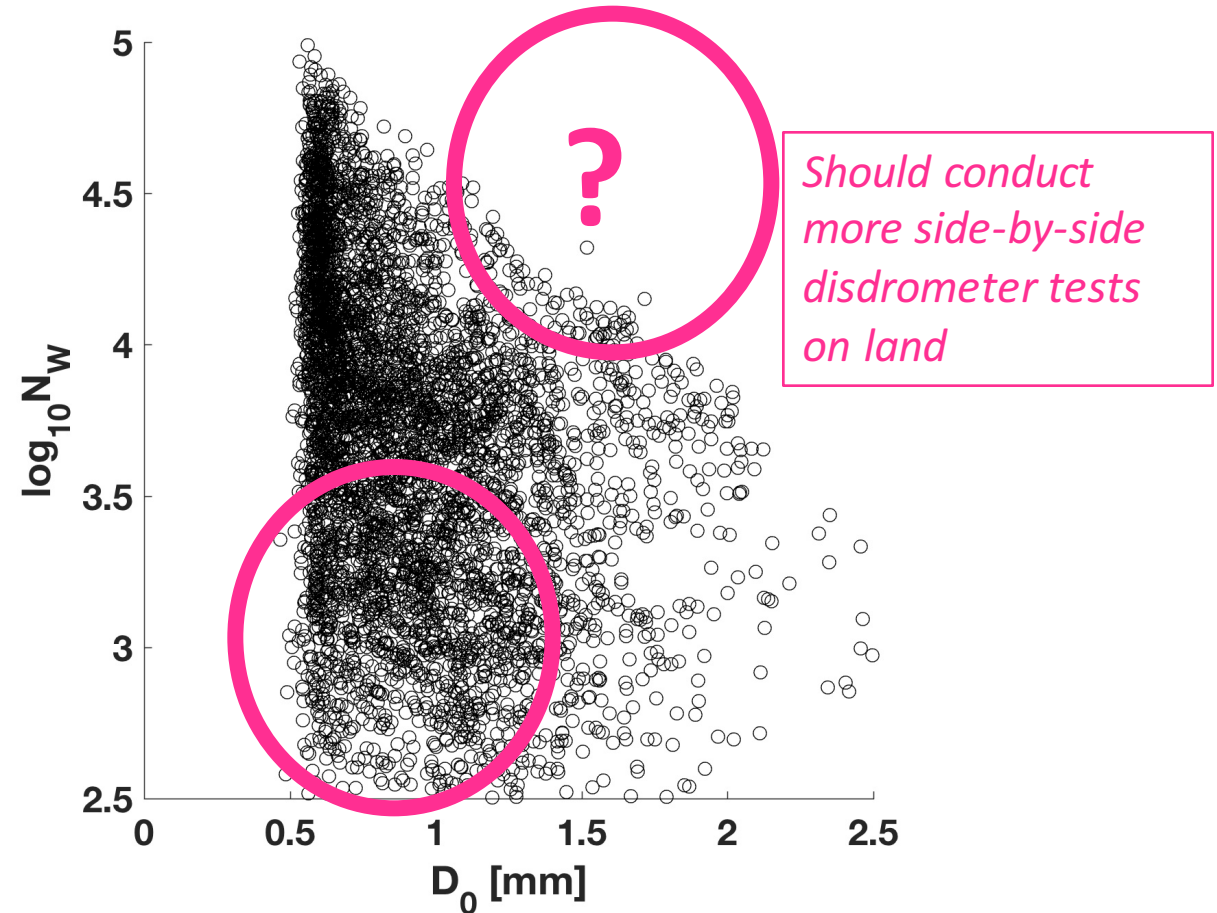

W. Pacific DSD: 2DVD

Thompson et al.
2015 JAS

E. Pacific DSD: ODM 470

Should conduct more side-by-side disdrometer tests on land
